

Flavoured
green tea collection

A collection of six teas:
Moroccan Mint | Green Tea with Vanilla | Green Earl Grey
Green Tea with Magnolia | Green Tea with Jasmine Flowers
Green Tea with Rose

Classic flavoured green *loose leaf* teas

Our collection of six drums comprises favourite and some lesser known classic flavoured green teas. All teas are high-grade loose leaf teas made using traditional methods. Each contains 60 grams loose leaf tea. The selection comprises the following:

Vanilla green tea. Refreshing and delicate. Enjoy the sublime attractiveness of Vanilla loose green tea with healthy, light bodied China green tea that is naturally low in caffeine. Can be enjoyed at any time of day.

Moroccan Mint tea. China Chun Mee green tea blended with Egyptian Mint (Spearmint). Makes a refreshing and healthy drink without bitterness. It has long been served in Morocco upon welcoming guests.

Jasmine tea. A good quality green tea with a full flavour of Jasmine flowers with which the tea is mixed during manufacture. It is particularly refreshing on a hot day and is also especially welcome with spicy food.

Green Earl Grey. Made with fresh-tasting green tea that is low in caffeine. Traditionally scented with oil of bergamot our Green Earl Grey is not too heavily flavoured. Light and refreshing, it is a favourite among our customers.

Green tea with Rose. Pure enlightenment. Having a good balance of green tea and rose petals. It has a fresh, heady aroma. This tea is delicate, fresh-tasting and light bodied.

Magnolia tea. This is an elegantly subtle green tea scented with fresh magnolia flowers. It's easy to develop passion for gently aromatic Magnolia loose tea which has discernible sweetness and wonderfully floral, lingering finish. A perfect combination.
